

the smarter way to look after your furniture

SPECIALLY FORMULATED

Staingard's easycare high performance range of furniture care products lead the way in the furniture industry by offering specifically formulated solutions, creams and cleaning cloths which are perfect for protecting, cleaning, stain removal and surface cleaning or polishing. Each kit contains multiple products which allow you to clean and protect your furniture on a regular basis, so it always looks its best.

CLEAN AND PRISTINE

Easy to use, with innovative storage boxes, and simple instructions, Staingard care kits - whether for Fabric Cleaning, Leather Master Care or Cabinet Care - each provide special cleansers which help you to maintain the beauty, cleanliness and protection of your furniture week after week.

It's the ideal way to keep your furniture looking as good as new.

HIGH PERFORMANCE CARE

Staingard together with Leather Master Scandinavia have developed the ultimate range of high performance furniture care products. Specially formulated solutions and creams provide the answer to the demand for everyday protection and maintenance of domestic furniture.

Easy to use products packed in attractive storage boxes with simple instructions mean the easycare range from Staingard is the ideal way to maintain the appearance of your furniture.
